### Overview

Evolve is a modular and flexible roomware solution ideal for breakout collaboration spaces. Each panel on Evolve can be supplied with a screen mounting kit with connectivity, wipeable writing surface or just a fabric skin finish.

There is also an internal mounting facility for small form factor PC's and collaboration systems that can be wired to a power block within, making it a self-contained solution.

Its modular design is completed by range of optional acoustic fabrics that can be put on to each panel and its mobile base enables it to be relocated within spaces easily.
