

Kobi

workspace table

TeamMate[®]

Kobi workspace table with premium worktop option

Introduction

Kobi is a new multi-functional workspace table designed and manufactured by TeamMate.

Combining both contemporary design and unique modularity, Kobi inspires workspace interaction and collaboration.

Kobi

Features & Benefits

Overview

Built as a modular table, Kobi allows you to add additional modules to build bigger workspaces depending the room size or environment. The scalability of Kobi can be utilised throughout collaborative breakout and seminar spaces for ad-hoc BOYD meetings or desktop computer clusters. Kobi has an array of worktop and chassis finishes enabling it to suit a variety of education, corporate and public sector environments.

AV and IT equipment can also be installed within the cable management trays of Kobi to support any worktop connectivity that has been installed. Accessories for Kobi include screen dividers for additional privacy and a screen mount at the end of the table for when large open space collaboration is needed.
