WallZone Lectern

MODEL: WALLZONE

A smart alternative to a traditional floor standing lecturing desk.

Features & Benefits

- >> A wall mounted lectern with fold down table.
- >> Compact footprint
- >> Secure enclosure for AV/IT equipment; standard 19" with 4U of rack space
- >> Side entry double power socket and grommet
- >> Computer security panel with adjustable security straps
- >> Cutouts for input plates
- >> Efficient convection cooling system
- >> Cable management through rear of enclosure
- >> Curved top to prevent it being used as a shelf
- >> Keyboard and mouse stowage
- >> Lockable twin inspection hatches
- >> Fold down worktop with latch twist pin
- >> Wall brackets
- >> Optional dado offset brackets available

Overview

The WallZone Lectern is a compact wall mounted lectern that is capable of accommodating a desktop PC with space to house a keyboard and mouse and provision for a mounted control panel.

With twin power and cable grommets set to one side and a fold down work top, this innovative lectern houses all the basic equipment required in a small teaching room without taking up precious floor space.

WallZone technical specifications

- >> Enclosure can accept a medium footprint tower PC or side mounted desktop PC.
- >> Worktop (560mmx530mm) with latch to retain when closed.
- >> Recessed stowage for keyboard and mouse.
- >> Side entry double power socket with double cable grommet.
- >> Worktop finish Formica F2296 Sno White.
- >> Two removable front panels with double gang plates for AV control panels. Max panel size: 190x150mm.
- >> Finished in white powdercoat paint as standard
- >> Options include: Offset dado rail brackets and floor to wall structure for cable management.

Additional cost options:

- >> Floor support structure
- >> 75mm wall spacer for dado trunking
