Roomware Solutions
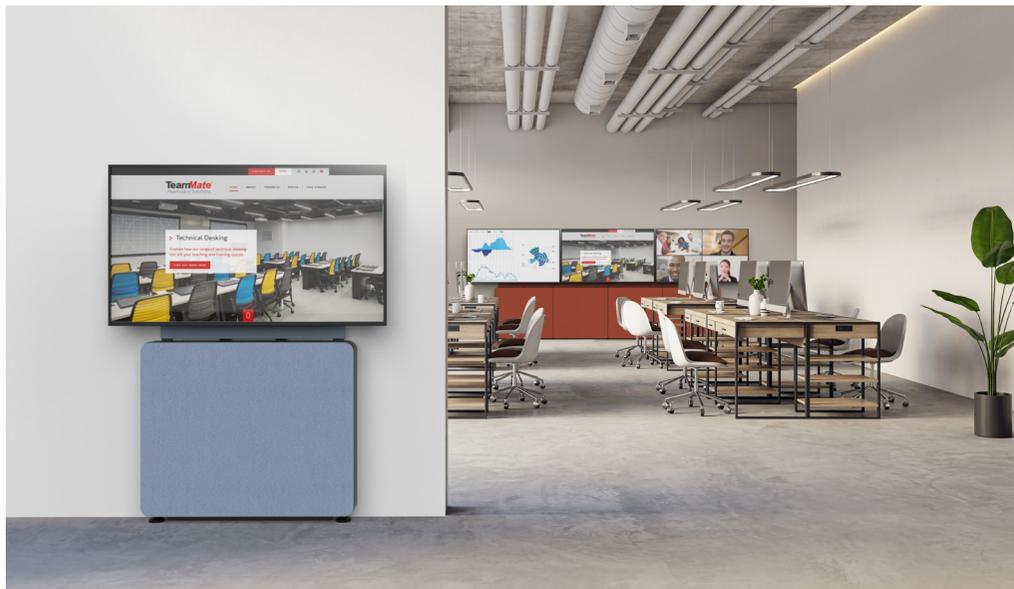

WorksWall
Product Overview

WorksWall

Modular and scalable credenza system for rapid single or multi screen installations across meeting spaces.

WorksWall is a sleek, wall-mounted modular credenza system designed for modern workspaces. Its flexible configuration supports single or multiple screens, offering a hassle-free installation process that eliminates the need for cable chasing – significantly reducing construction time and cost. The modular design of WorksWall makes it easy to scale from a compact 1 Bay meeting room setup to a large, 4 Bay+ fully integrated video wall.

With a wide range of customisation options, WorksWall blends seamlessly into any workspace environment. Choose from premium acoustic fabrics and contemporary wood-effect finishes to complement everything from high-traffic collaboration zones to quieter, low-use areas.

Features & Benefits

>> Wall-mounted modular credenza for single or multi-screen applications

>> Stylish & functional scalable working wall for all workspaces

>> Removable fabric or wood panels with internal 19" equipment enclosure

>> Use 3rd party screen mount or TeamMate's own multi-positioning bracket kit

>> Avoid behind screen AV installations

>> Quick installation with minimum construction required

>> Vanity panels included to hide trailing cables

>> Flat packed self-assembly design for low shipping & export cost

>> Optional rack mounting accessories
